

Léa BITTMANN  
 Oskar-Morgenstern-Platz 1  
 Vienna 1090, Austria  
 Phone: (+33) 6 75 29 59 01  
 Email: [lea.bittmann@univie.ac.at](mailto:lea.bittmann@univie.ac.at)

Date of birth: 26/12/1991  
 Nationality: French and  
 Canadian

## Education and Academic career

---

<b>2019 –</b>	<a href="#">UNIVERSITÄT WIEN</a> , Vienna. <b>Postdoctoral Researcher</b> in the team of Anton Mellit.
<b>2016 – 2019</b>	<a href="#">UNIVERSITÉ PARIS DIDEROT</a> , Paris. <b>PhD in Mathematics</b> , Advisor: David Hernandez.
<b>July 2016</b>	<b>Agrégation de mathématiques</b> , French diploma for higher education teaching.
<b>2015 – 2016</b>	<a href="#">UNIVERSITÉ PIERRE ET MARIE CURIE</a> , Paris. <b>M.Sc. of teaching in Mathematics</b> , Summa cum Laude. Training for higher education teaching.
<b>2014 – 2015</b>	<a href="#">UNIVERSITÉ PARIS DIDEROT</a> , Paris, France. <b>M.Sc. in Fundamental Mathematics</b> , Summa cum Laude.
<b>2012 – 2014</b>	<a href="#">ÉCOLE NORMALE SUPÉRIEURE</a> (ENS), Paris. First year of M.Sc. in Fundamental Mathematics. <b>B.Sc. in Mathematics</b> , with high honors.
<b>2009 – 2012</b>	<a href="#">LYCÉE DU PARC</a> , Lyon, France. Completed a three-year scientific program in preparation for the national “Grandes Écoles” competitive exam.

## Publications

---

<b>November 2019</b>	<i>A quantum cluster algebra approach to representations of simply-laced quantum affine algebras</i> , accepted in <i>Mathematische Zeitschrift</i> , preprint: <a href="#">arXiv:1911.13110</a> .
<b>July 2019</b>	PhD Thesis: <i>Quantum Grothendieck rings, cluster algebras and quantum affine category <math>\mathcal{O}</math></i> .
<b>February 2019</b>	<i>Quantum Grothendieck rings as quantum cluster algebras</i> , in <i>Journal of the London Mathematical Society</i> .
<b>August 2018</b>	<i>Asymptotics of Standard Modules of Quantum Affine Algebras</i> , in <i>Algebras and Representation Theory</i> .
<b>September 2015</b>	Master Thesis: <i>Representations of the Yangian in Deligne’s category <math>\text{Rep}(GL_t)</math></i> .

## Talks - Posters

---

<b>November 2020</b>	<a href="#">SÉMINAIRE DU LACIM</a> , Montréal, Zoom. <i>Représentations des algèbres affines quantiques du point de vue des algèbres amassées quantiques.</i>
<b>November 2020</b>	<a href="#">QUANTUM ALGEBRA DAYS</a> , IMAG, Montpellier, Zoom. <i>Anneaux de Grothendieck quantiques, vers les types non simplement lacés.</i>
<b>July 2020</b>	<a href="#">WORKING GROUP: CLUSTER ALGEBRAS AND QUIVER REPRESENTATIONS</a> , IMJ-PRG, Paris, Zoom. <i>Representations of quantum affine algebras, <math>\ell</math>-fundamental and standard modules.</i>
<b>June 2020</b>	<a href="#">ARTIN WORKSHOP</a> , UNIVERSITY OF NOTTINGHAM, Zoom. <i><math>t</math>-deformations of Grothendieck rings as quantum cluster algebras.</i>

February 2020	COLLOQUE TOURNANT DU GDR TLAG, IHP, Paris, France. <i>Représentations des algèbres affines quantiques du point de vue des algèbres amassées quantiques.</i>
November 2019	SEMINAR "REPRESENTATION THEORY AND AUTOMORPHIC FORMS", UNIVERSITÄT WIEN, Vienna, Austria. <i>R-matrices and quantum groups.</i>
June 2019	CLUSTER ALGEBRA 2019, POSTER OF THE DAY, Kyoto, Japan. <i>Quantum Grothendieck rings as quantum cluster algebras.</i>
March 2019	NUMBER THEORY SEMINAR, UNIVERSITÄT WIEN, Vienna, Austria. <i>Representations of quantum affine algebras via cluster algebras.</i>
February 2019	TENURE-TRACK TALK, UC RIVERSIDE, Riverside, USA. <i>Baxter relation, cluster algebras and quantum cluster algebras.</i>
January 2019	SÉMINAIRE GROUPES, REPRÉSENTATIONS ET GÉOMÉTRIE, UNIVER- SITÉ PARIS-DIDEROT, Paris, France. <i>Anneaux de Grothendieck quantiques et algèbres amassées quantiques.</i>
December 2018	XXV BRAZILIAN ALGEBRA SCHOOL, Campinas, Brazil. <i>t-deformations of Grothendieck rings as quantum cluster algebras.</i>
November 2018	OBERSEMINAR ALGEBRA, UNIVERSITÄT ZU KÖLN, Cologne, Ger- many. <i>t-deformations of Grothendieck rings as quantum cluster algebras.</i>
November 2018	AACHEN UNIVERSITY, Aachen, Germany. <i>Asymptotics of standard modules of quantum affine algebras .</i>
November 2018	MATHEMATICAL PHYSICS SEMINAR, ETH, Zurich. <i>Quantum Grothendieck rings for quantum affine algebras.</i>
June 2018	QUANTUM AFFINE ALGEBRAS, Washington DC, USA. <i>t-deformations of Grothendieck rings as quantum cluster algebras.</i>
May 2018	UC RIVERSIDE, Riverside, USA. <i>Asymptotics of standard modules of quantum affine algebras.</i>
January 2017	GEOMETRY AND REPRESENTATION THEORY, ESI, Vienna, Austria. <i>Quantum Grothendieck Rings and Baxter relations.</i>

## Research visits

---

May 2018	UC RIVERSIDE, Riverside, USA. Visited Pr. Vyjayanthi Chari.
March – July 2015	MASSACHUSETTS INSTITUTE OF TECHNOLOGY, Boston, USA. <b>Research internship</b> in Mathematics. Advisor: Pr. Pavel Etingof.

## Teaching

---

July 2020	ÉCOLE NORMALE SUPÉRIEURE ADMISSION EXAMINATION. <b>Examiner</b> for the <i>Mathématiques D</i> paper, Admission board.
2019 –	LYCÉE FRANÇAIS DE VIENNE, Vienna, Austria. Occasional substitute teacher in senior and junior high school classes.
2017 – 2019	UNIVERSITÉ PARIS DIDEROT, Paris, France. <b>Teaching Assistant</b> in Mathematics, for second year B.Sc. students preparing for engineer schools.
2016 – 2017	UNIVERSITÉ PARIS DIDEROT, Paris, France. <b>Teaching Assistant</b> in Mathematics, for first year B.Sc. students majoring in Computer Science.
2013 – 2015	LYCÉE SAINT LOUIS, Paris, France. <b>Oral examiner</b> in Mathematics.

## Administration

---

- **Reviewer** for the following journals: *Journal of the London Mathematical Society*, *Journal of Algebra*, *Algebra and Representation Theory* and *AMS Mathematical Reviews*.
- Member of the PhD Student Body at the Institut de Mathématiques de Jussieu-Paris Rive Gauche (IMJ-PRG).
- Organizer of biannual meetings between graduate students and PhD students.
- Member of the Gender Equality Committee of the IMJ-PRG.

## Languages

---

French:	Native speaker.
English:	Fluent.
Spanish:	Good working knowledge.

## Interests and Activities

---

- Sports: Basketball (University Championship), Scuba Diving (Open Water Diver), Cheer-leading in ENS's squad, running.
- Computer skills : good knowledge of *Caml*, *Maple* and *LateX*.
